COMPANY'S TURNOVER

During the first year of its inception the company's annual turnover was 35 Lakhs which gradually increased to 6 crores in Four years (2014-18). Thereafter with the effective team work and better management of branches the turnover surged to 6 crores in the year 2014-18. In the year 2009-2010 the company ventured into wide goods market which resulted in the growth and increase in turnover to 10 crores and with the continuous effective marketing the turnover today has reached 13 crores.

FUTURE PLAN & GROWTH

- The company has planned to increase its fleet size by around 50 vehicles annually which will result in increase of volume of business.
- We have also planned to widen our reach in the market by adopting vigorous marketing strategies and recruiting key personnel in important posts throughout the country. By these moves we are confident of adding new potential customers which shall boost our turnover.
- The company is also spreading its wings by way of entering into major Warehousing segment and Express cargo services in the near future.
- We are planning to expand our existing Pack N Move division by way of opening branches in all the major cities in the country and a centralized customer care centre for customer support, since there is great potential in this segment we are hopeful of achieving high growth in this unit.
